1. My life becomes an anime! Arc 1-1

I think this sacred gear my Oc will use is really cool and I never see it too much. Hope you enjoy this story. Oh he will have 2 sacred gears.

* * *

><p>My name is Nios Tanaka and I'm currently crying tears of sadness. I'm currently a 10 year-old so crying makes me feel ashamed. I'm crying since no one in Kuoh Academy would join my Anime Club! As a result my club was shut down. Wwwwwhhhyyyyyyyy! Aaaaauuuuu! My best friend Saji is buying me a burger to make me feel better.<p>

"Don't be like that Nios. You'll eventually join an anime club."

"Easy for you to say! You're in the Student Council which is filled with cute girls! I wanted an Anime Club where I could have friends who are cool!"

"Uh what about me?"

"You're in the meh area."

"I'm buying you a burger!"

"Yes thank you onii-chan."

"Ah whatever."

"You just don't know how it feels to be a smart kid."

"I'm ranked 3rd in my grade!"

"I'm ranked first, skipped 6 grades, and I don't even study."

"D-damn youuu!"

"Besides I would give away my smarts to be in the Stu. Council. Many guys want to be in it! How did you even join?"

"It's a secret my kouhai."

"Well anyways thanks for the burger."

Yeah I'm 10 and I'm a first-year in high school. I was born as some child prodigy, but that's only on books. I'm naive when it comes to life. I have almost no social skills, I'm really afraid of talking in front of a lot of people, and I don't really talk to too many people. To top it off I'm an otaku. I hate pretty boys! I mean they get all the chicks! If possible I want a girlfriend soon. But it'll be hard since every girl is like 6 years older than me.

"Hhhhaaaaa. I'm bored."

"If it makes you feel better being in the Stu. Council is a total pain in the ass. Kaichou's a total devil when it comes to paperwork!"

"But don't you like her?"

"Yeah."

"How do you like Kaichou?"

"Wow I never thought I would see a child prodigy speaking incomplete sentences."

"Answer the question. I mean she's okay but I would prefer an older woman with long black hair in a ponytail, slim, curvy figure, makes good food, and the ideal wife image."

"Oh you mean Himejima-senpai?"

"Who?"

"You know one of the 2 great onee-samas."

"Onee-samas?"

"Never mind."

"You still haven't answered my question."

"Fine I'll answer. You see I have...a..a-"

"A what?"

"A glass fetish and I don't know but I just like her."

"Kinky pervert."

"Am not!"

"Jk."

I'm glad I was able to meet Saji or I would've become a total loner this year as the year before...and the year before that...pretty much every year before this year. I had SOME friends, but only like 2 or 3, maybe 4? I met Saji on my first day at Kuoh.

* * *

><p>A couple of months ago

Nios has arrived at Kuoh Academy. He was awestruck at how marvelous the school was. Many beautiful women, green fields, beautiful buildings, and a clean campus free from trash on the floor.

"Wow! This place is way better than my last school!"

While he was still looking around a teenager with dirty blonde hair with gray eyes. He is about 5'6 or 5'7.

"Hello there. You must be the new exchange student."

"Yeah sup. Are you going to show me around?"

"Yes. By the way my name is Genshirou Saji and I'm a second-year here. I also happen to be in the student council."

"My name is Nios and I'm here as a first-year."

Saji was about to start the tour, but he saw Nios holding onto an item he's not allowed to carry on school campus.

"You're not allowed to bring manga during school hours."

"What?!"

"I'm going to have to confiscate that."

"Nooooo!"

They spent 5 minutes fighting over it.

"Just let me confiscate it!"

"Never!"

Many people were dumbstruck when they saw these 2 fight over a manga.

"You'll be able to get it back after school is over!"

"Oh in that case confiscate it."

Nios let go and as result Saji, who was still pulling, fell on his butt.

"Grrrrr! Let's just start the tour!"

"Okay okay. No need to get your panties all tangled."

Nios recieved a tour from a slighly angry Saji.

"And here is the gym."

"Question can I skip gym class?"

"No."

"Why?"

'It is a required class."

"But I'm 6 years younger than everyone in my class."

"Wait you're 10!?"

"Duh! Why do you think I'm short."

Saji has noticed Nios was...rather short. He was about 4'4. He was even smaller than Kuoh's mascot Koneko Toujo.

"I-I guess that does make sense. Why did you skip grades?"

"I wanna pass school as fast as possible so I can see anime all day long."

Saji sweatdropped at the goal of the shota.

"So was getting in here easy?"

"Yeah it was a breeze. I finished 2 hours before anyone else did."

"Damn it!"

Saji was angry at the fact he had to study his ass off to get in while a 10 year-old easily got accepted.

"It's okay. Just cause I'm way smarter than you doesn't mean your not smart."

"I don't your pity!"

"Okay. I was about to tell you how you could get smarter in an instantly."

"I take it back! Please teach me!"

"Jk."

"Grrrrr!"

_ "Trsut me you do not want to be too smart or people will have high expectations." _

_ Saji sighed as he was sad that he could probably never compete with the shota. He then got a smirk thinking on how he could annoy the shota. _

_ "Too bad you're this smart and yet people would probably never take you seriously due to your height squirt." _

_ "Hey! I'm not short! I'm the average height for my age!" _

_

_ "Really? I've seen 7 year-olds taller than you." _

_ "S-shut up!" _

_ Although Nios is quite brilliant he is still a naive 10 year-old child. _

_ "Hmph! Whatever." _

_ "So do you have any questions?" _

_ "Is there an anime club?" _

_ "No there isn't. If you want an anime club you'll have to ask the student council president..." _

_ While Saji explaining the pain-in-the-ass procedures to start an anime club Nios was currently wondering, "Can I read light novels?" _

_ "Hey are you even listening?" _

_ "No. Speech too long and boring." _

_ "Uhhh. Just go ask the student council for an anime club and they'll tell you what to do." _

_ "Aren't you in the stu. council?" _

_ "Yes, but I'm the secretary." _

_ "Heheheeh...hahahahhahahaha!" _

_ "What's so funny?" _

_ "Hahahaha! You're...you're...the errand boy!" _

_ "I am not!" _

_ Even though Saji disagreed in the inside he completely agreed. He would always be told to bring snacks, drinks, supplies, etc. He has tried to impress them so he wouldn't be a lackey, but his attempts to impress them always failed. _

_ "OKAY. Hey where's my class?" _

"It's down the hall and take a left."

"Thanks! See you later!"

><p>After that we would always talk every time we met each other. After a couple of weeks we became best friends. I have 2 other friends. Their names are Matsuda and Motohama. They are called the perverted duo and I'm considered one of them since I hang ou with them, well I guess I have become perverted. I met them while they were peeking. I asked what they were doing and they said,"Peeking obiviously! It is a sin to not peek if you're a man!"<p>

I then said,"Really!?"

"Yes!"

I then asked if it's a sin to not peek why are the girls mad. They then came up to them and unleashed lady punishment with kendo swords. It was entertaining. I then started asking things about the female body. Every time I would ask the question my parents would try to change the subject. It is the reason why I'm ignorant at biology department. They then told me thw wonders of the female body. That day we went to Motohama's house and watched something called "porn". It was interesting. I was amazed on how the miracle of life was made by doing such lewd actions.

It doesn't mean I'm not disgusted. After that day I started looking at girls at a different way. That would explain why a 10 year-old would have interests in females. I also learned that my penis would swell up when I would see a naked woman. But that only works on women I'm interested. I saw many types of women an only women that are my age and up make me "horny" as my 2 friends would say. I especially love older women. By that I mean milfs. Of course I have no interests in my own mother, but other people's mothers do fascinate me very much.

I also like senseis and maids. Basically every women who is mature I like except old ladies. Gross.

"Hey Nios why do you hang out with the perverted duo? I think they would be a bad influence on a 10 year-old."

"Well they have taught me about women through porn so I owe them."

"But won't it be harder to get a girlfriend when you're considered a pervert for hanging out with them?"

"Mabye, but I'm planning to have a girlfriend when I'm older or one right now that is from a different school."

We kept talking and eventually we went home around 5:30. While I was walking down Kuoh's streets I took a left and ended up an alley. The alley looks like a place where someone could easily rape you. Vandalized walls, smelly trash, and street animals. It has everything for a creepy alley. The only reason why I would bother coming down the alley is because it's the fastest way to get home. Hmmmm. You

know I have never ever saw an assault or drug trade yet in this alley. I'm pretty surprised.

"Leave me alone! Or you're going to get it!"

"Come on sweetie. Just let me do it with you. I mean with your body you're practically asking me to bang you."

"You pervert!"

And there it is. An assault with sexual harassment. I might as well check this out. I walked really quietly and I hid behind a trash can. I turned my head to see what was going on. Apparently a female teen was being cornered by a huge dude with muscles as big as my head! The teen had big brown curly hair with...oh my tits! Her boobs were HUGE! And that hair though. Her curls looked like drills or tornadoes. Her eyes were a pretty brown and her skin was white and seemed to be very smooth. While the big dude was bald, had a sturdy face, shades, and wore a black leather jacket that was ripped on some parts.

This seems dangerous. Hhhmmm. Looks like I'll have to use my wooden sword. Although it is wooden it is very thick so it can knock someone out with ease. It would be heavy for someone my size, but I have trained so I'm able to wield it when I need to. I also trained because anime characters get super strong by training, so I decided to be one. Of course I'll never become strong like an actual anime character, but I have to try. While they were arguing I snuck behind the big guy and smacked him as hard as I could on the back of his neck.

"Aaaaargh! Who the he-aaargh!"

He stopped mid sentence because I swung my wooden sword to his nose. It broke and was bleeding.

"You little piece of shit! How dare you do this to my face!? Want to die!?"

He started charging at me.

"Ara how are you asking without hearing my answer first?"

His right fist was brought back and when he stopped in front of me he used the momentum to make his fist do more damage.

"Look out!"

The fist coming right at me. I jumped backwards to reduce damage. He was able to punch my nose though. It didn't break due to me being too far back but he did bruise it. Blood started trickling down. Shit! This hurts! I then swung my sword to his throat, but he ducked and punched my gut! I was sent flying!

I crashed into a wall. I got up and he was charging at me again. I waited and waited...until he was in front of me! He threw the punch towards my face.

I then went to my right and swung my sword to the back of his head.

"Take that asshole!"

"Grrr!"

He turned around but seemed dizzy. The hit worked!

I went towards him and jumped as high as I could. I jumped at least 2 feet in the air. Been training these legs for this move!

"Take this!"

I swung my wooden swords downwards. He then punched my gut! That caused me to stop mid-air! It hurts more than my nose!

"That was pretty stupid brat!"

"L-leave him alone! He's just a kid!"

I was pissed! I hate being called a "kid" or "brat"!

I got up even though it hurt a lot!

"D-don't worry I'll beat this big ass idiot! After all shouldn't a guy stand up for a girl at times like this?"

I then showed an arrogant smile.

"B-baka! You'll get yourself killed!"

"Well it's too late to back out now!"

I ran towards the molester and he threw a punch with his right fist, but I spun to the right to dodge and swung my sword again to his head. A huge *Smack* was heard!

"Uuhhh..I'm I'm going to get you!"

He must be messed up! I swung my sword to his legs and he knelt on his other leg. I then with both hands swung my sword hard at MAXIMUM POWER!

"Die!"

SMACK!

He then fainted.

Whew! I was able to kick his ass! Victory dance? Ara I fell on my ass.

"A-are you okay?"

"Yeah. Just really tired from kicking his ass. Adrenaline just left me. So..tired."

She helped me get up. Now I think about it she's really pretty! I mean I still prefer milfs but she's still decent. She started...blushing?

"Thank you for helping me."

"No big deal. I couldn't let him molest a girl like you."

"Um...do you go to Kuoh Academy?"

"Yeah why?"

"Well I wanted to..to...to"

"To what?"

"Make a bento for you as a way of saying thanks."

"You don't have to."

"No way! I always repay my debts!"

"Kay kay. Just give it to me next morning."

"Which way do you walk."

"By Ikizuchi Str."

"I walk by there too, but why haven't see you there before?"

"I go to school at 6:50."

"Oh."

"By the way how do you know I go to Kuoh Academy?"

"I've seen you a couple of times. Especially when you were handing out flyers for a club. How's the club by the way?"

"Horrible."

"What happened?"

"No one would jooiiiiinnnn! Waaaah!"

I started crying tears of sadness! Why wouldn't anyone join my club!?

"A-are you okay?"

"Yeah I guess."

"What club were you trying to make?"

"Anime club."

"So you're an otaku?"

"Yeah. People call me the Otaku King."

"That's harsh."

"Not really. It's more of a compliment than an insult."

She looked at me with a face of disbelief. She then started smiling?

"Hehehe...Hahahahahohohoho!"

"What's so funny?"

"S-sorry hahahaha! I-it's just that that heheh I've never seen anyone admit they were an otaku with such a straight face! Hahahaha! Hohohoho!"

"Whatever. Let's go home. It's getting pretty dark after all."

"Yeah I guess you're hehehehehe right."

She kept laughing for a while. She started calming down after 3 minutes.

"Done yet?"

"Yeah sorry."

"It's okay. Other people are usually worse than this."

"Ouch."

"I know. By the way I'm Nios Tanaka. First-year."

"I'm Kiyome Abe. Third-year."

"Let me walk you home."

"A-are you sure? I mean you already did a lot for me."

"It's okay. I don't feel comfort leaving a pretty girl like you in the streets alone. I mean someone esle could assult you again."

Why is she blushing? Is she sick?

"Hey are you sick or something?"

"N-no! Baka!"

So mean.

"Let's go already."

We went walking to her house. While we were walking she looked like she wanted to ask something.

"Do you want to ask something?"

"Well it's just...how old are you?"

"10."

"Eeeh!? Is that why you're short?"

I got mad. I shot her a look of anger.

"I do not mention my height and 2 I skipped grades due to being a child prodigy."

"I see that would explain it."

Sigh Why did I have to be the shortest person in my school. Literally. The only loli in the school named Koneko Toujo is 4'6. While I'm 4'4. This suckssssssssss!

I hate being short.

"We're here."

"Oh really. Wait! Holly shit! Your house is huge!"

Her house wasn't even a house! It was a mansion.

"Yeah but I live here alone most of the time. My parents are usually traveling around the world."

"That sucks."

"I wish they would spend more time with me though."

"Well have a good night. See you tomorrow."

I then started walking to my house.

"Wait! Um...um...thanks for saving me earlier."

Again she started blushing, but more than usual.

"You've already thanked me enough."

"I know but...I just want to thank you more. Have good night."

Her face started getting closer mine. Wait what's happening?

Chu

She kissed my cheeeek! Woah I think I'm starting to blush too!

"Wh-what was that for!?"

She gave me a teasing smile. Damn it! I hate teasing the most!

"Just part of my thanks. By the way you're so cute when you're embaressed! Bye bye!"

She went inside.

Damn it! I hate her!

"*Sigh* Might as well go home."

I started walking home and when I was crossing over a bridge I heard someone say name.

"Hey!"

I turned around. It was a girl who seemed my age with black hair and a good-sized bust. Hhmmm.

"What do you want?"

This chick looks like the bitchy girls from middle school that would prank nerds, like me, while pretending to like us. Happened to one of my friends. He was so embarrassed and humiliated he moved away. I then was mad. I then did prank on her. I was able to pass out naked photos of her. Now you're thinking what the hell! Right? Those were fake and besides she has done the same thing to other students. I also posted her embarrassing secrets. In the end she was destroyed. I didn't get caught.

She left school and I never heard from her again.

"A-are you Nios Tanaka?"

"Yes why?"

She started blushing.

"I was wondering...if...if you would go out with me?"

Ah this bitch thinks I'm desperate? Well she'll have her answer. When she thinks she'll embarrass me in front of people she'll be hit with a surprise.

"Um...okay."

"Really!?"

"Yes. So when do you want to go on a date."

"Um how about tomorrow at 5:30 at the mall's entrance?"

"Okay see you later...what's your name?"

"Yuuma Amano. And let me give you my phone number."

She gave me her phone number and looked happy.

"Well see you later Yuuma-chan."

"Bye Nios-kun!"

She waved good-bye with a smile. Damn she can act pretty well. Can't wait till I get her.

****The Next Day****

Yawn Today's going to be a good day! Probably.

I got ready and ate some breakfast. My parents are off in Tokyo working at something. I don't pay attention to their work lives. Don't judge me! I then went walking to school. ***Whistling*** This is a nice morning.

"Heeeyyy! Nios-kun!"

Shit! Who is it!? Oh it's Kiyome.

"Morning Kiyome."

"Hey I'm older! At least add "senpai" or "san" to my name!"

"Unless you're my sensei, mother, father, or some cool anime person I will not bother giving respect."

"Hmph! Well I'll let it slide. From now on you can call me Onee-chan."

"Hell no."

I looked at Kiyome and saw she was holding a bento. Oh right she said she would give me a bento today. It was just a rectangular box wrapped in a blue cloth.

"So is that the bento you said you'd give to me?"

I pointed at it. Immediately she started blushing.

"W-well yeah. I didn't know what you would like so I made different types of food. Anyways I hope you would come to like it."

She seems really cute.

"You know if you would show that cute side of your's, you would've already had a boyfriend."

"B-baka!"

She's blushing again~.

"Anyways thanks for the meal."

I practically snatched the bento out of her hands.

"H-hey! Don't snatch people's bentos!"

"Well you said it was for me, but if you want it you can keep it."

I handed her the bento back.

"No you keep it! It was already touched by you! So keep it!"

"Okay."

After walk for a while we got near Kuoh.

"Wait hold on!"

"W-what is it?"

"We need to walk in at differnet times."

"What?"

"Well if I walk with you people would start noticing me and rumors would be spread every where."

She started looking hurt.

"So you don't want to walk with me?"

Her face is starting to get gloomy! Shit! Wait in anime wouldn't this mean a girl is crushing on a guy? And I'm the only one around. Does this mean she likes me?

No way. She's like 8 years older than me. I doubt she has interest in me. We barely met yesterday.

"No it's just...complicated. I don't like too much attention. So please understand."

"Fine. I understand."

Her mood got better by a little bit, but still seemed sad. I wonder why?

****{Ca...ful...Pa..ner...El
is..ter...uo...an...A...Vil...ha...he...ey..on..uo}****

The hell!? Did I hear that? Was it my imagination? I never thought I would say this, but I think I'm going crazy from watching too much anime.

><p>From a certain Devil's point of view

That boy outside the gate is...intriguing. I don't know why, but he just is. I need to keep on eye on him. I hear door opening. Is it Akeno?

"Buchou I have returned with the documents you've requested."

"Thank you Akeno."

I tuen my gaze back to the boy.

"Ara ara, buchou are perhaps in love with someone?"

"No. It's just I have found a possible peerage member."

"Who is it?"

"The boy outside the gate."

She looked out and was surprised.

"Ara ara, you sure have wierd taste in peerage members buchou."

"Do you perhaps know this boy?"

"Well not exactly. All I know is that his name is Nios Tanaka and

Oh well. I brought out my phone and called Yuuma.

"Hey Yuuma. I was wondering if you wanted to eat at McDonalds with me...Yeah okay...Fine we'll split the bill...bye. Meet you there."

Good thing Yuuma would pretend to be nice enough to split the bill.

I started walkling towards McDonalds and on the way I noticed Koneko. Might as well call her out. She's creepy.

"Oi! Koneko why are you following me?"

"!"

She came out and looked alarmed.

"...How did you notice me?"

She was giving me a bad vibe. She looks like she'll attack me.

"Well you've been following me all day and I've learned how to sense people after watching tons of anime. And before you ask, yes it is possibe, but it took me 2 months to learn how to do it."

She then sarted giving me a a puzzled expression.

"...Otaku."

"So? It just makes me feel better."

"...Pitiful."

"Wrong. I'm more than pitiful! I'm so pitiful that bullies can't even make my life more miserable than it already is! I'm so pitiful that even the school nerds that are always bullied, bully me! I'm so pitiful that even school counslors won't be able to offer advice to make my life better!"

Ha! Take that! I've learned that if you accept the insult and make it worse people tend to shut up. It apparently worked since Koneko can't even say anything.

"So why are you following me?"

"..."

"Not answering huh? Then let me take a guess."

Let's see. Koneko Toujo. School mascot, known to hate perverts, and to hit people who peek.

She's also in...

"It was your president's idea wasn't it?"

"!"

I forgot who her prez was. I think it was a popular person. Was it?

No wait. People are always begging to join. I think the prez was a girl.

"I'm right, right? Isn't your president Lia Neomie?"

"...It's Rias Gremory. Idiot."

Wait did she call me an idiot!? I'm way smarter than she is! I'm fucking 10 and I'm in her grade! And she's 15!

"I may be an idiot, but I at least I won't have swollen, pointy pimples as boobs for the rest of my life."

And she's starting to get mad. Really, really, really mad. Is she gonna punch me? My friend Matsuda was once punched for peeking on her.

He's a loli-con. Pedophile. And he did have to go to the hospital for 3 weeks due to his internal organs getting hurt pretty bad.

Shit she's walking towards me! Fuck!

Stay calm!

"...Get down!"

"Huh?"

She then jumped at me and tackled me! What the hell!?

"I was so close!"

Huh? Who said that? I looked up and saw a flying man? With black wings! So cool! But he does look sketchy. Like a person who scams others for a living.

"...Leave or I'll fight you."

"Hmph! I don't want to cause problems. Later!"

The guy flew off. Aaaaaand Koneko is still on me. Wait a guy with wings!? H-How!?...Is my life finally becoming an anime!?

"Hey can you get off of me?"

"...Sorry."

"No problem. I mean you did save my life. So thanks."

"...Your welcome."

Hope this works.

"Can you take me to your president. After all I do deserve an explanation for you following me."

"...Okay."

"Wait I have to call my gf."

After calling Yuuma I cancelled the date. She did sound sad after the news. Oh well. After the call finished Koneko punched me for making fun of her small boobs. She then led me to the ORC. The clubroom was in an old building. It looked really dark and creepy. I'm pretty sure tons of conspiracies are run down here. We finally arrived a door and stopped.

"...Buchou is in the other side of the door."

"Why do you keep pausing? I mean do you have some emo issues or what? Ack!"

She punched my gut! What the hell!? She opened the door and saw 3 other people. 2 were girls and the other one was a guy.

"Ara ara, Koneko why did you bring a guest? Is it your boyfriend?"

Wow I hate her already. The one that just spoke was one of the girls. She had a long ponytail tied with an orange ribbon. Her hair was black and her eyes were violet. Her curves were the most noticable feature though. I mean her TITS! THEY'RE HUGE! They're even bigger than Kiyome's!

It's taking all my will to not have my mouth hang down with surprise! And I looked at the other girl. And damn! Her tits were huge too! She had beautiful crimson hair and blue-green eyes. She also has an ahoge on her head. She reminds me of Medaka from Medaka Box.

"No I'm not. I asked her to take me here since I heard from her that the buchou here ordered her to follow me. So who was it?"

"Koneko why would you tell him?"

"...I didn't. He figured it out after noticing my following of him."

"Yeah pretty much. And since the crimson chick over there is talking to her like that, you must be her prez."

"Well you're smart I'll give you that."

"Smarter than you at least."

Ha! Let's see your reaction.

"Ara ara, well aren't you a sassy one."

"So I would like to know why you had an eye on me. Let me guess your some sort of princess with a knack of getting servants with sad pasts and powers. Oh and you have magic!"

"...Well you're not wrong."

"I'm on a roll! I want more guesses! Blondie can use swords, dark haired over here has eletric powers, crimson has destruction powers, and shortie over here has super strength with life-based powers!"

Everyone had their eyes wide open with surprise. Guess I'm right.

Hahahahahah!

"So back to the original topic. Why're you stalking me?"

I decided to put a serious face so I could get some answers.

"...Well I'll make it blunt. We are devils and I want you to join us."

...What?

"Bullshit."

"Well it's understandable. I'll show my wings then."

Then the crimson chick grew wings! They looked like a bat's.

"Guess you're not lying. So why should I give up my humanity?"

"Well here's the benefits..."

She then explained to me that devils lost alot of their numbers during a great war with fallen angels and angels. They made up for the losses with [Evil Pieces]. [Evil Pieces] reincarnate other species to devils and are bound to masters. Only high-class devils can get [Evil Pieces]. Pure-Blooded devils usually are born with that right. Reincarnated devils start off as low-class but can thier way up. The people that are reincarnated using your [Evil Pieces] are referred as your peerage.

Peerages are important since they represent a devil's power. Peerages often compete in Rating Games. Basically their fights between peerages. The more you win the more power and status you gain. Sounds interesting.

"And that's about it."

"I see. Well if you want me that means I have a special power doesn't it?"

"Yes. So do you want join my peerage?"

She's looking a little hopeful.

"How about this. I'll flip a coin. If it's heads I don't join, but if it's tails I'll make a bet."

"A bet?"

"Yes. Since I have a special power the other factions would probably focus some attention towards me. If within 1 year I die you can make me your servant that is if you'll have any pieces left."

"Sounds interesting. I'll take the bet!"

I flipped the coin and it was...

><p>A week later

It's been a week since Yuuma asked me out. And nothing happened. I'm starting to like her now.

Hopefully she won't betray me. Well if she does I won't be surprised. Oh yeah Kiyome calmed down, but gets mad every time I mention my girlfriend. Wonder why...

Today we're going to have a date. My last date was a success apparently. I've been waiting for 5 minutes at our meeting spot. I got ready by brushing my teeth a lot and cleaning my new clothes. My parents still don't know about Yuuma. It's going to be a shocker for sure!

"Nios-kun!"

Ah. I turn around see my cute (possibly fake) girlfriend. If you look at her violet eyes you can get lost for a couple of minutes. And I did do that about 2 times already.

"Hey Yuuma. So are you ready for a date?"

I said with a semi-fake smile.

"Yes of course!"

****After a couple of hours****

It's the end of our date and nothing has went wrong. We went to the movies, ate at McDonalds, and played at the game centre.

We walked around a park and no one was there strangely. I'm guessing she's gonna prank me here. Time to have my guard up. We kept walking for a while and stopped at a fountain.

"Hey Nios-kun."

"What is it Yuuma?"

"There is something I want to do to celebrate our 1 week anniversary. Can you please listen to my wish?"

"What's the wish?"

"Will you die for me?"

Shit! She's a fallen angel! Time to bail! I turned around and sprinted as fast as I could!

"You won't get away~."

*****Swish*****

I then felt something stab me. Shit I'm feeling woozy. I fell on the floor. There was blood everywhere.

"It was fun being with you. It was like playing house with a little kid, but it had to end. Goodbye Nios-kun~."

She flew off. That bitch! Time to call Rias.

Magical portal

"Looks like you lost the bet. Nios."

"Yeah. Hehehe. Can you reincarnate me now?"

"Yes. Rejoice as you are reborn to serve me."

* * *

><p>Aaaaaand that's the end. Hope you enjoyed. I will make another story and I will update each chapter depending on how I feel. So I might make 2 chapters for this story and then I'll make 7 chapters for the other story. It'll be random. Peace!

2. I get wings! Arc 1-2

This story was inspired by Inverted so it will be similar. The writer never finished it so it's a shame. The chapter starts off when Issei is unlocking his sacred gear. But instead it's Nios who's doing this.

* * *

><p>I, Nios Tanaka, am currently unlocking my sacred gear. My master, Rias Gremory, was the one who said I have one.<p>

She and I did a bet. I lost. So I was reincarnated as her servant.

Sucks that I lost.

Hopefully I won't disappoint her. Will even if I get a shitty sacred gear I'll evolve it. So I can become an MC in my anime life.

Well one moment that has happened already makes me happy to live this long.

It was when Rias was naked and I felt her oppai. So soft. While she was sleeping I did pinch her nipple quickly.

I then went back to sleep quickly. Although she is hot with her long crimson hair, blue eyes, white skin, huge oppai, beautiful butt, and those sexy legs, I prefer milfs.

Then my parents came even though they were in Kyoto.

They do a lot of surprise returns without me knowing.

She is hotter than most milfs I've seen though.

"Nios close your eye and imagine the strongest thing that comes to your mind."

"Let's see. Hhhmm. The strongest being would be Goku from DBZ."

I started imagining Goku doing his Kamehameha. It sure is

cool.

"Lower your arm slowly and stand up."

I got up and then lowered my arm.

"Now mimic that person's pose. You have to imagine it strongly, okay? You cannot hold back."

Well most people would be embarrassed doing this, but a true otaku wouldn't care!

"Kamehameha!"

I brought out my hands stuck together at chest level. And closed my eyes.

FLASH

* * *

><p>Rias Pov

A bright white light shined through out the room.

The source of that light came from my new servant's back.

Could it be a longinus?

I was right to reincarnate him.

I will surely adore him more in the future.

* * *

><p>Back To Nios Pov

I opened my eyes and I felt something on my back.

There were wings on back!

That's so cool! The bone parts were white and the feathers were blue. They were emitting blue glitter too.

The wings were pretty long too. So can I fly now?They looked like a futuristic jet pack. The blue feathers were also emitting blue glitter.

"I see no wonder you took up all my [Pawn] pieces."

"So depending on how strong people are they'll be able to use up more pieces?"

"Yes but potential is also a factor."

I look at everyone's expressions. They seemed shocked.

Is this a legendary sacred gear?

"Let me see here."

Rias went a book shelf. She pulled out a book with weird symbols.

"Um what is that book about?"

"This a book with sacred gear information written down."

"Is my sacred gear an unknown one?"

"Well I feel like I've seen something about your sacred gear in this book. I'm just checking...ah here it is."

She's just reading silently! Tell me already!

"Buchou is my sacred gear okay?"

She looked at me with a "are you serious look?"

She then started giggling.

"hehehehe...hahaha!"

"Is something wrong?"

"Sorry. It's just your sacred gear is better than okay. It's a longinus. There are only 13 of them and they are the strongest type of sacred gear."

"Isn't longinus the spear that killed Jesus Christ?"

"Yes. We call them longinus because they have the potential to kill gods."

So I can kill gods!?

Awesome!

"Ara ara, looks like we added a strong member."

"...Surprising."

"Congratulations on getting a longinus Tanaka-kun."

So much praise.

"So what special powers does my sacred gear have buchou?"

"Your sacred gear is called Divine Dividing. Every 10 seconds you'll be able to absorb half of your target's power. In order for you to target someone you have to physically touch him or her. But if the last person you touched was a comrade you'll be dividing their power. Although the sacred does have more limits. Such as you can only as much as your physically able to. The excess power will be discharged through your wings. In order to be able to hold more power you have to train more and more."

So Op but so nerfed.

"Uh buchou I don't think Gods would wait 10 seconds for me to divide their power."

"Yes that's right. If your enemy knew about your sacred gear they would try to kill you as fast they could. So that is why you should learn some hit-and-run tactics."

"Man that's so boring."

I probably have some super saiyan form with my sacred gear.

If this thing can kill gods why is it so limited.

This is a shitty sacred gear.

[Be quiet brat! Back when I was alive I was feared by many Gods and Demons]

Who said that!?

[It's me Albion. The White Heavenly Dragon spirit who resides in this sacred gear]

So cool! I have dragon spirit!

"Guys I have talking dragon spirit inside my sacred gear!"

[Yes hello there devils. I am Albion the White Heavenly Dragon. I hope you could take good care of my host as he seems...unreliable.]

"Hey I'm pretty reliable!"

"Don't worry Albion-sama I'll make sure my adorable servant becomes a good man when he grows up."

[Thank you Gremory. Nios if you need me just ask. I'll go back to sleeping.]

"Why does everyone treat me like a kid."

"...Because you are one. Shota."

"Shut up! I don't see you any more mature than I am Loli!"

She started glaring at me. Crap.

"Well Nios now that's over you need to pass out all these flyers."

"So I'm going to be a servant for the rest of my life?"

I really don't think I can live with these people for the rest of my life.

Especially Rias. She seems like she's strict, spoiled, and has too high of expectations towards me.

She might be kind but still.

"Don't be so sad. If you work hard enough you can someday have your own servants."

"Really!?"

I can then have a harem!

My friends Matsuda and Motohama said real men have harems!

"Okay I'll start now!"

I took the boxes full of flyers and ran out through the door.

* * *

><p>After a couple of days

"Buchou I've finished!"

"Good job Nios. Now that you finished handing out flyers you'll now make a contract."

Apparently normal devils have familers that pass out flyers but since I'm a newbie I have to get some expierence and pass them out.

Akeno drew a seal on me that symbolizes my affiliation with the Gremory.

I got on a huge circle that's on the floor.

It looked like some voodoo shit.

When I got on it power started rushing through me.

"Now Nios you what do right?"

"Yeah. Fufill my client's wish, get compensation, and set a contract."

"Okay then. Akeno make preparations."

Akeno started chanting and the circle glowed.

Then a flash appeared.

When it died down I said, "Hello there. I'm the devil who'll fufill your wish tonight."

"Ara ara, looks you can't teleport."

"Huh?"

I open my eyes and see I'm still here in the ORC room.

"Is this thing broken?"

"...Failure."

"Haha...Tanaka-kun the teleportation circle isn't "broken"."

"W-What do you mean?"

"Nios the teleportation requires the user to have a certain amount of demonic power to activate."

"Oh so the teleportation needs a lot of demonic power. Makes sense this thing does warp through time and space."

"The opposite...the required demonic power is extremely low. So low even children can use it."

Wait what!? But I'm a child!

"So then do I have to ride a bike?"

"Yes."

"But what devil has ridden a bike to get to a client's house!?"

Koneko then pointed at me!

"Hey shut up!"

"...I didn't say anything."

"Nios get going! You can't have the client waiting!"

She then handed me a bike. So depressing.

"Wait! I have wings! Albion!"

****Flash!****

Wings grew out of my back!

I learned to summon them by shouting Albion's name.

I'm currently learning how to summon them without shouting.

"I'll fly there in a cool fashion! Later!"

I ran and jumped through the window and flew the client's house.

After 2 minutes I got there.

****[I can't believe my power is being used to fly to a client's house.]****

Don't be like that. I'm pretty sure you've used your power for stupid things back then. When you were alive.

I knocked on the door and someone finally answered.

"Who is it?"

"Ah I'm the devil you summoned."

"Yeah right! I called for Koneko-chan! And besides you didn't come

through the ad!"

"Well I couldn't teleport! Okay!? I have serious below average demonic power or mana to teleport! I had to fly using wings! Even though it's cool it's embarrassing to be the only one not being able to teleport! Aaaaauuuuh!"

I fell on my knees and started shedding tears!

It's embarrassing to cry! And I'm 10!

Then the client's door opened.

"Do you want to come in?"

The client let me in and he gave me some tea.

I looked around and his place was filled...with manga, light novels, and anime!

He's an otaku like me!

"So why do you call Koneko-chan regularly?"

"Well I like to dress her up in a school uniform and make her save me."

I pictured it in my mind and it did not look right at all.

"Well that's...unusual, but I'm sure there is weirder. So what do you want me to do?"

"Well what can you do?"

"I have wings of a dragon."

"Show me!"

"Albion!"

As soon as I said the name a flash manifested and I grew my sacred gear's wings.

"Woah. That is some cool anime item."

"You bet."

"Well let me think about my wish."

After 2 minutes he thought of something.

"I want you to make me rich!"

I used a magical techno pad and typed the wish with his name.

This thing accurately determines how much the wish is worth depending on the wisher's life.

The more the wisher's life is worth the less the wish will cost.

I searched it and the results are in.

"For that you would have to die the instant you touch the money."

"What!?"

"Yeah sorry about that. How about another wish?"

"Well how about a harem?"

I typed it in. Load, load,load, and finished.

"The instant you see the girls you would die."

"Seriously!?"

He started crying. I felt bad.

"Do you want to see some anime together?"

"Okay but after that can we battle play?"

"Anything to make you feel better."

****The Next Day****

I was standing in front of Rias while she sitting in her big desk.

She seemed angry and was lifting her right eyebrow. She wasn't saying anything.

I was standing in front of her nervously.

Yesterday my client and I (his name Morisawa) battle played a crossover between DBZ and Bleach.

He was Freeza and I was Ichigo. It was fun.

"...Nios."

Geez her tone was deep and scary.

"Yeah."

"You and the client watched anime together, and what happened after that? What about the contract?"

"Well the contract became invalid and then we battle played with a crossover theme."

"Battle play?"

"It's when people pretend to be certain characters and have an imaginary fight."

I explain this seriously after all I am an otakuuuuuuuu!

"Sorry about not getting a contract hahaha."

Man this sucks. I'm like the only devil in this place to not get a contract.

"...After the contract, we ask the client, to fill in the questionnaire on the leafet we gave them. We ask the client, "How was your contract with a devil?" The questionnaire which is filled appears in this leafet, but..."

Rias then showed me the paper with the review.

This reminds me of a review for a restaurant.

It said, "[I really enjoyed mh time witn Nios-kun. He was also cool with his wings and was pretty funny. I hope next time I could make a contract with him properly.]"

"This is the questionnaire filled by the client."

-!

I became very happy!

Morisawa...Even though I didn't do much yet you...

"This is first time I've recieved feedback like this. I wasn't sure what to do at first. That's why I put on a weird expression because I didn't know how to react to this."

"Well sure need to practice your expression because you seemed like you were going fo kill me. Hahahaha..."

No one laughed along. Seriously?

"To Devils, what's important is that we actually make a contract with humans who summoned us. We then receive the price from them. That's how Devils have lived for a long time ago. â€|I didn't know how to react because this is the first time I encountered an incident like this. You might have failed as a Devil but the client was happy with you."

Rias had a puzzled expression, but smiled.

"But it's interesting. That is certain. There wasn't any Devil like you, but you really are an interesting boy. You might become the number 1 Devil for unexpected things. But remember to do the basics. You make contracts with the clients, you grant their wish, and then you receive the price. Okay?"

"Yes I'll try my best to get a contract!"

"Good then, but now I'll need you to pass out more leafets."

"Eeeeeehhhh! You're evil! Do you know how hard it is for me to pass out leafets!"

Akeno and Kiba giggled while Koneko just kept eating, but I could she was enjoying it.

* * *

><p>I was walking back home and man I am bored.<p>

Hope something interesting happens.

[Well Nios your wish will be granted.]

What do you mean Albion?

[A fallen angel is coming towards you.]

Is it strong?

[With your current level of power you have an 86% of winning.]

Looks like that training has paid off.

Yep I've been training my ass off, ya know?

"Albion!"

My wings appeared and I waited for my enemy. Of course if Rias knew I was doing this she would kick my ass.

A few moments later a lady appeared above my head. She seemed to be 5'9, navy blue hair, was wearing a violet trenchcoat-like top with a matching miniskirt, and black heeled shoes. Her top was open so I could see most of her cleavage! She also wore a golden necklace.

"Hm. Looks you did have a dangerous sacred gear after all. We right to kill you, but you were reincarnated. Don't worry I'll get rid of you soon enough."

"I would like to see you try...stripper."

She made an angry expression. Yeesh.

"Just die!"

She manifested a yellow spear of light and threw it towards me! Ha! Rias told me before it's dangerous for devils to touch it! So I flew up avoiding it on the way. I sped up and used an uppercut on her chin from below.

Yes now I can use divide!

[Divide]

"Huff huff! Why do I feel so weak?"

"It's because I used divide on you! Now your strength is at half."

"D-Damn you!"

She flew straight at me! I waited until the last moment and dodged! I grabbed her collar and pulled her back. I then used demonic power to

enhance my fist and punched her! She was sent flying. I walked up to her and seemed unconscious.

Yes my first victory! Time to to home.

[Nios wait. Why don't you make her your Blood Slave?]

A blood slave?

[It's when you make your target drink you're blood and he or she is linked to you. It's a lot like the [Evil Pieces] except they can't har, you and you can set "rewards" and "punishments"]

How do I set the "punishments" and "rewards"?

[You have to right certain runes with your blood on your target's body]

Do they have to be specific runes?

[It can be any language really. The magic works best in your own language]

Thanks for the tips. I'm going to have so much fun.

* * *

><p>1:30 in the morning

I was waiting for my new slave to wake up. After a while she did.

"W-Where am I!?"

"You're in my house. So what's your name fallen angel?"

"Like I'll tell you. I-ack!"

"Oh are you in pain? I'll ask again. What's your name?"

"What did you do to me-aaaaahhhhhh!"

"Look the pain's gonna egt worse if you don't tell me your name."

She looked in a lot of pain. So much she's tearing up.

"...It's Kalawarner."

After she said that she started blushing.

"Good to now my slave's name."

"I will never serve you! I serve Aza-AAAAAAAAAAAAHHHHHHHHH!"

This time she started drooling and screamed louder.

"You want to know you're in pain huh? Well I made you a blood slave. I put runes that "punish" you when you disobey your orders or say you don't serve me. The "punishment" is that every time you disobey me or

announce you serve someone else you feel pain. Every time you get "punished" you'll feel 8 times more pain than the last time you were "punished". But there is a "reward" system for you. If you d what I say or do something I like you'll be "rewarded" with pleasure. You get 50% more pleasure than your last "reward". But you'll only get rewarded depending on how much I want you to obey and circumstances are also a factor. You felt pleasure when you told me your name didn't you?"

She started glaring at me. Hahahaha...I guess most people would be mad.

"Oh and if you kill me you'll feel so much pain you'll be dead. Here's a sample."

I snapped my fingers and Kalawarner immediatly felt pain worse than most people can imagine.

"AAAAAAAAAAAAAHHHHHHHHHHHHHHHHHH!"

I snapped my fingers again. The pain stopped andright after she showed a face of pleasure.

"Iiiyyaaaaaaa! It feels so good!"

I looked down and my bed was getting wet.

I snapped my fingers and it stopped.

"Now you know what to do right?"

"...Yes."

"Oh I almost forgot. No one would be able to pleasure you without my permission. Not even yourself. Try it. Now."

She hesitated but eventually brought her fingers to her wet pussy and started fingering herself.

She showed an expression of shock due to not feeling any pleasure.

"Now let me do it."

I then put 2 of my fingers into her wet pussy. I kept shoving them in and out. Her pussy got wetter and wetter.

"Ah~. More! Give me more~!"

I stopped and licked some of her juices off my finger.

"Tastes really sweet. Kinda like honey. Want some?"

She slowly grabbed my hand and then sucked my fingers.

"Like your cum?"

"...Yes. Please pleasure me more."

"Okay but from now on you have to call me Nios-sama. Understand?"

I personally think Kalawarner is similar to my type. She may not be a milf, but she seems like a sexy mature woman.

"Hai...Nios-sama."

It sure feels nice to be called my name with "sama" by a sexy woman.

"Let me feel your oppai."

She unbuttoned her tight trenchcoat and her huge oppai popped out! I blushed and felt Nios Jr. trying to break free! I steeled my will and grabbed them! They were bigger than my hands! Some of her tits were

Her pretty pink nipples, softness, shape, and beautiful skin were making me hornier and hornier by the second! I moved them around. Damn it feels good!

"Iyaa~ Please do whatever you want to me!"

I grabbed even harder and Kalawarner moaned louder! Time for "that"!

I stopped and pinched her nipples!

"Mmmm...aahhh~"

Does she like her nipples getting pinched? I guess I should take it a step further.

I then twisted her nipples!

"Iiyaaaaa~! I-If you keep doing that I'm going to cuuuuum!"

To late she came. My sheets got seriously wet. I was about to take it further but my parents awoke.

"Nios shut the hell up! It's like 2 in the morning!"

"If you stay up longer I'll come down there and kick your ass!"

My parents came back like 2 days ago.

Guess I should stop. I decided to sleep on Kalawarner's tits. They felt nice.

She then wrapped her body around my mine. Since I was a lot shorter it looked like I was her hugging pillow.

Time to sleep then. Hopefully Rias won't bitch on me tomorrow.

* * *

><p>And that is the end for this chapter. Sorry I haven't posted. I had to do a lot of homework and I rewrote my plot. Well I'll post the next chapter on Tuesday by the latest. And sorry I skipped the morning after Nios's reincarnation but I accidentally deleted the doc and I was too lazy to restart.

3. I meet a blonde sister! Arc 1-3

****Hey guys! Hope you'll enjoy the chapter. Now to answer some questions. Well only 1.****

****Sneak135 something (sorry I can't remember your username): I don't know. I'll probably just add one of them. Or both. Mabye.****

****Um this story will be short. Probably anywhere from 30-50 chapters. Hope you'll keep reading though.****

* * *

><p>I, Nios Tanaka, am currently really happy. I awoke next to a mature, big breasted chick.<p>

I prefer milfs. Anyways to make story short I made this chick, who happens to be a fallen angel, my slave with blood.

Well only powerful beings are able to do this. I own a longinus sacred gear that is haunted by the heavenly dragon Albion.

It sort of makes me a dragon too since dragon-slaying powers are super effective against me.

Anyways, my slave's name is Kalawarner and she has to do what I want or shd feels a lot of pain, but if she does what I want shd feels pleasure, depends on how much I want her to obey the order though.

It's all part of the "punishment" and "reward" I implanted on the blood. Last night I fingered her and and grabbed her boobies!

Most men would be insanely jealous! Bwahahahaha! Guess I should open my eyes.

I opened them and saw sunlight coming from outside through my windows and illuminating my room.

It seemed really nice. I move head backwards.

SQUISH

Something's squishy and soct behind my head...oh yeah. Kalawarner's boobs.

Last night she slept shirt naked with me while holding onto me. Her boobs were side pillows. Nice.

Man she is hot. I can't wait until I do "that". Hehehehehe. Oh she's waking up.

"*Yawn* Good morning Nios-sama."

"Morning Kalawarner. You know what I'll call you Kala. Mabye pet or slave."

"Please call me whatever you desire to."

Hhhmmmm. In front of people I'll call her Kala and in private pet or slave will do. Kinda turns me on.

"Guess Kala will do."

Wait will she let me do "that"?

"Kala...let me suck your oppai."

She blushed a little, but nodded.

She let go of me and I turned around. I then let loose!

My mouth latched onto her to right nipple.

CHU

I sucked on it and her nipple tastes good. I don't know why but it did.

"Iya! Nios-sama~"

"*Suckle* *Suckle* CHUU!"

"Mn~! Noooo~! Nios-sama please don't bite too hard~! Aaaah~!"

I was sucking like crazy! Like a baby that wanted milk. I started biting harder. I then tugged her nipple with my teeth.

"Ah! I-I'm going to...cum!"

I then heard her cum. I stopped and looked at my bed sheets. Wow. That is a lot of cum. Must be part of the "reward" system.

Time to lose your virginity Nios! I was about to take off my pants, but...my door opened.

"Nios! What's with the...noise? W-Who is that woman!? Tou-san! I think we'll be grandparents soon!"

My mom started walking down the stairs. What the hell!? Will I get in trouble!?

"Nios-sama. Do you want me to kill her?"

"No! She's my mom!"

"I understand. So she'll be the grandmother of my children. I have to make a good first impression."

"Wait! Kids!?"

"Yes. Many female fallen angels love to make families with strong male warriors. Well that applies to most females of other species."

"But I can't have kids yet! "

Kalawarner then put a face of sadness.

"...Is my body not satisfactory?"

"No! It's super sexy and hot! I was planning on having sex with you every night from now on!"

Shit! I can't believe I said that out loud! Aaaaahhh! My face is getting red!

I look at Kalawarner and she seemed happy.

"Thank you Nios-sama."

I guess it's fine then.

"So when can you impreganate me? Don't worry I'll still make sure to pleasure you when you want. You don't have to help me take care of our child if you don't want..."

"That's the problem...I'm 10. I can ejaculate, but I'm not able to impregnate other women."

This is killing my prriiiiiiiiidddeeee!

Kalawarner was shocked.

"...I understand. Until you become a man we can practice as much as you want to."

Wait. I need to ask this.

"Um...I'll be having a harem. So will you be okay."

"Yes most powerful men in the supernatural world have multiple women. It's natural. Woman crave strong men."

Then I can seriously have a harem! I was alright to have Kalawarner with me, but now...I will become the ULTIMATE HAREM KING!
MWAHAHAHAHAHAHAHAHAH!

"I guess we should get ready."

Kalawarner then helped me dress. It was awkward, but felt nice.

She wore the same clothes as yesterday. We went down stairs to confront my parents.

Kalawarner started the conversation.

"Hello Otou-sama, Okaa-sama. My name is Kalawarner and I have been engaged to Nios-sama. Please accept me as your daughter-in-law."

She said all this in a respectful tone and bowed!

My parents seemed shocked, but my dad recovered first.

"Well Kalawrner...san how old are you?"

"I am currently 20."

"You do realize my son is 10 right?"

"Yes, I am aware, but I don't care about age. I have fallen for him and will wait for him until he is 18 to get married."

My parents were shocked and I'm embarrassed!

They then looked happy?

"Thank goodness! MyI

son finally found him a woman! I was thinking I would never become a grandmother because my son is such an otaku!"

"And she's faithful too!"

My mother grabbed Kalawarner's hands.

"Please take care of our worthless son!"

"Wait! You don't care that she's 10 years older than I am!?"

"Well we are pretty open about love. To be honest even if you had sister and you guys did incest we would support it. Besides your father is 13 years older than I am."

"Wow. That would explain why you look way younger than he does."

"Also I dated him when I was 10."

"...I give up. I'm going to school. Kala help my mother around the house."

"Hai Nios-sama. Have a good day."

"Why do you call him with a "sama" honorific?"

"It is because I am his slave."

"...I-I support you s and m play, but please don't leave scars on Kalawarner-san Nios."

"Never knew my own son is into that."

"Could be worse."

I ran out with an embarrassed face. Damn it!

I kept walking and suddenly

BUMP

Who bumped into me!?

"Hawaau!"

I looked behind me and see sister on the ground. Seriously? She's taller than me and she tripped.

"You should watch where you're going, but are you ok?"

I gave her my hand so she could stand up.

Auu. Why do I keep on tripping overâ€¦ Oh, I'm sorry. Thank you very much~."

Hhhmmmm. Her voice sounds like a 15 to a 17 year old's. A sister this young?

The wind blew and as a result it blew off the sister's veil. Wh-What is this!? Some cliché anime meeting?

Her hair, that was hidden underneath the veil, fell down to her shoulders and it was...blonde?

Must be foreigner, like Kiba. Probably.

Aaaand her hair was sparkling under the sunlight. She had pretty emerald green eyes that would suck you in.

Ssssssssssooooooooooooooooooooo...not my type.

Well I like blonde milfs the most, buuuuuuuuuut this sister was 5'1 and from I could tell she looks like a loli.

She'll probably attract a lot of gkod looking guys with her beauty...wait she's a sister, so she can't get married. Sucks to be her.

Aaaaaand I realize just now I've been staring for a while. Hopefully she didn't notice.

"U-Ummâ€¦is something wrongâ€¦?"

Shit! She noticed.

"Sorry I have a mental condition where I would freeze up and stare."

Nice! I saved it!

"O-Oh okay."

I picked up her veil which was nearby.

"So you traveled here?"

"No, that's not it. I was appointed to the Church in this townâ€¦ You must be a resident of this town. It's a pleasure to meet you."

She bows.

Wait. What? But the church closed down 3 years ago. This is fishy.

Flash Back

><p>"Buchou where do fallen angels usually hang out?"

"They usually make abandoned churches their base along with stray exorcists. They would also go out of their way to destroy holy objects because they usually hold some type of grudge towards their former master, God."

"Petty losing jackasses."

Everyond giggled except Akeno. She still held her usual smile, but it seemed fake for a moment.

"Their current master, Azazel, is very intersted in sacred gear users. Especially the longinus wielders. They've been a to create rituals where they would be able to extract sacred gears from people, but that would mean death to the wielders."

"Not gonna lie longinus sounds helarious. But do you think Old Crow Winged Nerd would go after me?"

Rias then pulled Nios into hug which resulted in having his face covered with Rias's breasts.

"!"

"Don't worry I won't let anyone touch you my adorable Nios."

"Mmmmffff! Okay first of all get your big ass tities out of my face! And second of all don't treat with affection! I hate! I'm not some toy ya know!"

Nios pulled away with a red face. Rias pouted a little. She was also shocked that a boy would try to stop a hug from her.

"If you would excuse me now I 'm going to pass out fliers."

Nios then left in a quick manner to pass out a box full of fliers.

_What the other members didn't know was that she has been developing bits of feelings for him everyday. The answer to this: simple. Divine Dividing also has a strong charasmatic aura that is emmitted from the wielder once it's awoken. The other members aren't developing feelings like Rias due to not being in close contact with him. Since Rias is the one who has slept naked with him naked (after she awakened his wings) when Nios was in the nurse's office due to some devil sickness and Rias went over to cast some healing demonic-power she was s__ubjuctated to his charisma. Resulting in developing bits of romantic feelings for him every day._

Over time the other female members may gain feelings for him as well.

><p>Yeah this is really fishy. Could there be fallen angels there?<p>

Need to ask my pet after school.

"I have been in trouble since I got here. Ummmâ€¦I can't speak Japanese that wellâ€¦I was lost and other people couldn't understand what I was sayingâ€¦"

Oh so she can't speak Japanese. (neither can I after all I'm writing in English)

Wait maybe I can understand her because of my devil side's ability "language".

Rias explained it like this, "When you turn into a Devil, one of the unique abilities you attain is "Language". The moment you turn into a Devil, everyone in the world can understand what you are saying. People listening to you will hear it in the language they are most familiar with. If they are American, then they will hear it in English. If they are Spanish, then they will hear it in Spanish. And also the opposite. If they speak in a language besides Japanese, you will hear it in Japanese."

When I was in my English class I was able to understand more than usual. I practically learned to speak in it, but I get confused on infinitives, gerunds, and other crap like that.

So confusing. I wonder if Akeno, Rias, and the others get really good grades on English because of their ability. Cheaters.

I'm guessing this nun is from somewhere in Europe. I'm mostly guessing Italy!

But I may as well see how this plays out.

"I know where the church is. Want me to take you there?"

"Really? Thank you~ This is all thanks to the lord!"

Yeah sure.

We were walking and suddenly, "Uwaaaaaaah!"

Must be a kid crying. Wait, aren't I a kid? If so do I have the right to call other people my age "kid"?

So complicated.

The sister went up to the kid.

"There there. You're a boy and you shouldn't be crying over a wound like this."

The kid's mom was there and looked at her with a weird expression. Both of them couldn't understand what she was saying.

Asia puts out her palms towards the kid's wound, which was on his knee.

A green light was being emitted and the kid showed an expression of utter shock.

Asia was showing a bright smile with a caring expression.

She must really be kind. She...was taken advantage of and was betrayed as well.

[How did you arrive to that conclusion?]

Oh hey Albion. Well I know when someone's been taken advantage of and besides I've been betrayed a couple of times, but "she" was the one who hurt me the most.

[Right that falls angel that killed you. What are you going to do to her once you find her?]

Kill or inslave her. She has to suffer one way or another. But for now I'll enjoy my devil hood.

I then looked towards Asia and see she healed the kid's injury. Must be a sacred gear since she's most likely human.

But the mother takes her son's hand and says, "Let' leave! Avoid strange people!"

That total bitch! I'm so gonna kick her ass!

"Hey you bi-"

"It's okay I'm used to being avoided."

The sister showed a face of sadness. She probably became a sister after using her power. Wait peopls who preform mkracles are called saints, so why is she here? By all rights if she healed people she would be considered a saint, so why is he here to work in an abonded church that's possibly filled with fallen angles?

"Hey! Onee-san! Thank you!"

At least the kid wasn't a dick.

"The kid said thank you."

She brightened up.

"By the way that power of yours is...cool."

"Thank you. It was a power given by God."

We walked a bit more and we arrived at the church.

MASSIVE CHILLS

W-What the hell!? Why am I...scared? Is it because of the church? And I'm starting to sweat.

"This is the place! Thank you for taking me here!"

She bowed.

"No prob."

"I would like to offer you tea as an of my gratitude."

"Can't. I have to school and I going to run late if I stay over."

"...But that's..."

She looks troubled but I can't stay here. After all if this thing is still up and running angels would start shooting me with a bunch of light spears.

"My name is Nios Tanaka. Call me Nios. What's your name?"

"My name is Asia Argento! Please call me Asia!"

She's a good girl.

"Let's meet again some day sister Asia."

"Yes! Nios-kun I will definitely meet you again!"

I then walked off.

****After School****

"You must never go near that church again."

Yeesh, I knew she would get mad, but come on. She seems super serious.

More than usual and I sense some anger in this tone.

"To us Devils, the Church is an enemy's territory. Just stepping into it can cause a rift between the Devils and God. Since it was an act of kindness by taking the nun to the Church, they didn't harm you, but the Angels are always on the lookout. You were in a situation where it wouldn't be strange for them to hit you with a spear of light."

I know devils and angels are like arch nemesises but is it really this bad?

Why is the supernatural all about fighting and killing for no damn reason? It's way worse than human affairs.

"Psssssh. That church was abonded. I pretty sure regular angels don't go around them."

"That's true, but fallen angels could've attacked you."

She's getting more mad.

"So I could've handled them."

I started at myself with my thumb like how anime characters do that when being arrogant. I've always wanted to do that.

"Last night I was able to enslave a fallen angel that attaked me."

"What?"

"Yeah. Last night a female fallen angel attacked me, but I defeated her. It was pretty one-sided. I was also able to enslave her with my blood, so she has to do everything I say. Even ecchi things too. Fufufufuf."

PULL

Ah! Son of a bitch! Rias is pulling my cheeks!

"W-What the hell!? Wias!"

"A fallen angel attacked you? And you didn't turn back to report it!"

"Yeah sho!?"

She then...pouted?

"You didn't have sex with that fallen angel did you?"

"Uuuuuuuuhhhhh...nooo?"

Why does she want to know?

MORE PULLING

"Waaaaaaah! Shtop pulling!"

"You're not allowed to have sex with the fallen angel, okay?"

I pulled away after giving it my all.

"You may be master, but you're not my mom! Besides why would you care if I had sex with my slave!? After all you did sleep naked with me a couple of times!"

"Hmph!"

She's still pouting!

Gaaaaaaaahhh!

"Kiba back me up on this!"

"You should listen to what buchou says Tanaka-kun."

He said that with a smile! That bastard!

"Toujo hel- never mind. You're useless when I need help."

GLARE

She's glaring at me.

"Anyways, don't get involved with people from the Church. Especially the Exorcists who are our biggest enemy. They could easily eliminate

us because their powers are supported by the prayer of God. More so if it is an Exorcist with a Sacred Gear. That would be the same as standing on the boundary of death, Nios."

"Tch! Whatever."

"Ara ara, did you finish lecturing him?"

"Wah! How did you get there!?"

She just snuck up behind me without getting caught.

"Akeno, is it something urgent?"

Akeno's expression changed.

"We've been given an order to hunt a stray."

Seriously? She ignored me!
